CA, F & CS Department- Civil Supplies - Procurement of Sannabiyyam and Upgradation of CMR to the required specifications for supplying of Sannabiyyam under State pool every year for the schemes of MDM, Hostels and Welfare Institutions- Constitution of committee for making modalities and for fixation of price – Permission accorded- Orders – Issued

CONSUMER AFFAIRS, FOOD AND CIVIL SUPPLIES (CS.I.CCS) DEPARTMENT

G.O.Ms.No. 10

Dated: 23-07-2021
Read the following:

1. G.O.Ms.No.20, Consumer Affairs, Food and Civil Supplies (CS.I-CCS) Department, dated 03.12.2019.
2. Memo.No. 1672/CS.I.CCS/2020 of Consumer Affairs, Food and Civil Supplies (CS.I-CCS) Department, dated 26-11-2020
- 3.The CCS and the VC & Managing Director, TSCSCL, Hyderabad, Lr.No.Mktg/M2/247/SB/2020-21,dated: 17.4.2021 & 1.5.2021

O R D E R:-

1. In the G.O. 1st read above, orders were issued for Purchase of 6.00 Lakh MTs of Raw rice for additional requirement under Public Distribution as Statepool Rice and Purchase of 1.50 LMTs of Sannabiyyam for supply to the MDM scheme and Hostels during KMS 2019-20. Accordingly, a quantity of 1.44 LMTs of Sannabiyyam was purchased from the Rice Millers during KMS 2019-20.
2. Due to Covid-19 pandemic, the Schools and Hostels were closed for long period and a quantity of 1.38 LMTs of Sannabiyyam stocks were unutilized and getting deteriorated, Government in the reference 2nd read above have accorded permission to the Civil Supplies Corporation to utilize 80,000 MTs of Sannabiyyam for the purpose of Public Distribution Scheme (PDS), subject to recoupment by 31st December 2020, duly replenishing by utilizing the CMR Sannabiyyam to be procured under MSP operations for the Open Market Sale Scheme with financial implication of Rs. 16 Crores.
3. Now, the VC & Managing Director, TSCSCL in the letters 3rd read above, has informed that, in the State of Telangana, during Vanakalam 2020-21, the area cultivated under fine varieties was about 75% and the production increased considerably and the same have been procured in the Paddy Procurement Centers (PPCs). Further, the stocks of Sannabiyyam accepted under CMR during Vanakalam 2020-21, as per GoI specifications will be more than 10% broken (i.e. not exceeding 25%). But, some of the field officers have raised that, the Sannabiyyam to be supplied under MDM, Hostels & Welfare Institutions with the specification of not more than 10% of broken. Therefore, it is proposed to improve the Sannarakam rice to be realized under CMR of Vanakalam 2020-21 within the maximum specified limit of 10% broken during custom milling of preferred variety of paddy at mill point itself for supply to the above targeted Schemes. The utilisation of this rice will save Government crores of rupees to the Government as the procurement in the open market for state pool is quite expensive.
4. The VC & Managing Director, TSCSCL, Hyderabad has further stated that, for implementation of the Centrally sponsored scheme on 'Fortification of Rice and for distribution of fortified rice' for the schemes of MDMS and

ICDS in all the districts, the annual requirement of Sannabiyyam rice for distribution under MDMS is estimated at 60000 MTs. On taking into consideration of preferred variety paddy of Vanakalam-2020-21 presently available with rice millers for custom milling and the balance CMR to be realized by the Civil Supplies Corporation against the set target, about 40,000 MTs of Sannabiyyam can be realised with up-gradation with maximum limit of 10% broken and fortification at mill point.

5. Therefore, the CCS & VC & Managing Director, TSCSCL, Hyderabad have requested the Government to consider for upgrading the balance CMR fine variety available with the Rice millers to the required specifications with maximum limit of 10% broken and for blending of this rice with fortified Rice Kernels (FRK) for fortification at mill point for supply and distribution of Fortified Sannabiyyam for the State pool every year to the targeted groups under the schemes of MDM Hostels and Welfare institutions in the State and if any short fall is there then only procurement to be done in the open market for the Statepool as per the procedure.
6. Further, the CCS & VC & Managing Director, TSCSCL, has also requested the Government to constitute a committee with the members mentioned in the G.O. 1st read above by adding another one new member i.e., General Manager, HACA, for making modalities and negotiations with the millers/bidders for fixation of price for procurement of Sannabiyyam and also for upgrading the balance available CMR as per the required specification for the State pool every year for distribution of Sannabiyyam to the targeted groups under the schemes of MDM Hostels and Welfare institutions in the State.
7. Government after examining the entire matter, hereby agree the proposals of the CCS & VC & Managing Director, TSCSCL, Hyderabad, for up-gradation of the balance CMR fine variety available with the Rice Millers to the required specifications with the maximum limit of 10% broken and fortification at mill point and also to procure the balance shortfall requirement, if any, from the open market for the State pool every year, duly following the Guidelines issued vide G.O. 1st read above and as proposed in due course from time to time as per the then prevailing conditions, so as to ensure un-interrupted supply and distribution of Sannabiyyam to the targeted groups under the schemes of MDM Hostels and Welfare institutions in the State.
8. Also, Government hereby constitute the Committee with the following members for making modalities and negotiations with the millers/bidders for fixation of price for procurement of Sannabiyyam and also for upgrading the balance available CMR as per the required specification for the State pool every year for distribution of Sannabiyyam to the targeted groups under the schemes of MDM Hostels and Welfare institutions in the State:
